

negroes are not mentioned in the act of Congress, granting additional bounties.

Another falsehood peddled out by butternuts is that there is no appropriation to pay soldiers the late bounty. The bill is a part of the general appropriation bill, and the Department at Washington has said that the bounties will be paid out of the general appropriation. As to niggers getting bounties, we have only to say that the 300,000 negroes, who went into the army, saved THREE HUNDRED THOUSAND COPPERHEADS; for the Union men had already volunteered, and if a draft had been made for 800,000 white men to take the place of those negroes, nine out of every ten drafted would have been butternuts. The nigger who went to war earned his bounty—the butternut who went to Canada to avoid the draft, failed to earn anything but the contempt of loyal men. Butternuts complain of the "nigger" when, in fact, the niggers done the fighting those self-same Copperheaded Knights-of-the-Golden-Circle—peace-on-any-terms-Sons-of-Liberty fellows should have done, had they not been too cowardly. Where is your "Priest of the Sons of Liberty"? Trot 'em out, and let us see their valor and manhood! Where is your man who *sic*ars men not to go to war? Where is the man who tear the Government will pay the "niggers" what it owes them? The Government will have to pay premiums on cowardice and give bounties to "Canada Veterans" before they get any bounty!

We say the negro soldier is not getting an additional bounty. The bounty the Government is paying him to-day, the white veteran and recruit received when he was discharged, and no honest man can show the contrary.

Low—Mean—Contemptible!

If You Want
To vote for a man who served his country with credit and who to-day bears the scars of wounds received while in action you will vote for Colonel O. F. Moore. But if you want
To vote for a man who was marked as a deserter, and who never received a mark or a scratch while in the army, (with that exception) you will vote for JOHN T. WILSON.

(People's (Adams Co.) Defender.
Now, we submit whether that is not rather a miserable effort of some low minded wretch to injure a good man? The truth is, Captain Wilson went into the army honorably, and made a good record, and came out honorably, and the insinuation that he was a deserter is unfounded in fact and is calculated to injure the writer of such "quibbles" far more than Captain Wilson. We of the Union party, do not like Hon. O. F. Moore's politics—we did not like his vote at Chicago when he voted that "four years of blood-shed had been four years of failure"—yet we would see him elected to Congress before we would show ourselves to be traducers of character and villifiers of better men than ourselves. If the thing who got up that low slander, thinks that it is going to effect anything, more than making its writer contemptible, he is sadly mistaken. O. F. Moore unless we mistake his character, would not thank him for his overzealous effort to injure Capt. Wilson. Such low things spring from low minds, and, like chickens, they come home to roost.

Contemptible!

The "late importation" who writes bombast, blackguardism and abuse for the Copperhead columns of the Record, in trying to report something about the Swan town meeting of the 15th inst., tried very hard to insult Mr. Jones, whom he designates as the "Vinton colt." We have only to say, that the effort of this striping is uncalled for, inasmuch as Mr. J. has always (by mistake, it may have been) treated the booby as a gentleman. His effort at ridicule exhibits his want of taste or wit—his misstatement of facts shows his want of truth, while his general misrepresentation of the whole affair shows how utterly devoid he is of anything like fair, manly principle.

A Democratic Paper on Dutchen Union Officers.

Maj. Gen. Carl Schurz, who is a German, and was one of our best Generals in the Union army, remarked that "the freedom of the South celebrated the 4th of July, while reconstructed rebels refused it the least observance." A Democratic paper thereupon says, "Is it any of your business, you squall headed, flopped, beer swilling, garlic eating, negro loving, German convict? What do you know about the South or the 4th of July either?"

We submit to our German friends whether Democratic speech is not "free speech"? How they vote for and with the men who call them such lovely names, we cannot understand.

Read!

How about your motto of the Federal officers, which these men endorsed, of Hell, Hemp or Canada for all Democrats?—(Vinton Record).
The "smart boy" who writes squibs for the butternut columns of the Record, appears to have no regard whatever for the truth. No Federal officer ever displayed such a motto as "Hell, Hemp and Canada for all Democrats," and the puppyism of the thing who attempts by impudence on his own part, and by falsifying the actions, words and writings of the Union men of this community, to get up prejudice and bad feeling, and local difficulties, is ahead of all the puppyism we have ever yet seen. These fellows, fearful that we will not abuse everybody, and insult everybody in the county who is opposed to us, go so far as to misconstruct everything that can be tortured into an insult. We intend no personal insults, and it is a very miserable practice in these fellows to belie us in the manner they do.

LOCAL MATTERS.

Advertisements to appear on Thursday morning, must be handed in not later than Tuesday evening.

Wanted.

A GIRL to do general housework in a small family. One who understands sewing would be preferred. For information, apply at this office.

DUNKLE & WARD are in receipt of a very fine selection of Fall Goods, hats, caps, boots, shoes and clothing, at reduced prices. That they will sell as low as the same goods can be bought in the county, call and see for yourselves.

We take great pleasure in calling the attention of our readers to the advertisement of J. G. SWETLAND, which appears in another column of our paper. He has on hand a very large and select assortment of Groceries; and offers them at lower rates than any house in the County. As will be seen by the advertisement, his stock contains every variety of Groceries. He has also on hand a very superior stock of Liquors, comprising every variety from the finest French Brandy to common Corn Whisky. No house in the County offers such inducements both in the way of prices, and in the quality and quantity of the Groceries and Liquors which he offers to the public.

New Goops.—The great rush for New Goods of every description, is now made to J. A. Felton's Emporium. Mr. Felton has a large and well-selected stock of articles in the Goods line, which he offers at the very lowest cash figures.—As he is determined not to be undersold in this market, he deems this all that is necessary to say at this time to have the public call and see.

For the Vinton Record. Notice to Foreigners.

Mr. Editor: I request you to say, to our unaturalized neighbors of Vinton, to have their papers out immediately. Now is the time to neglect this matter. Call on the Probate Judge and demand the evidence of your citizenship, at once.

Sept 26-66. J. C. DOUGHERTY.

For the Record. Contradiction.

Mr. Editor:—I wish, through your columns, to state a few facts connected with the escape of Maley Thompson, as I see a base fabrication of misstatements in the last issue of the Record, under the head of "Broke Jail." Maley Thompson was kept in the jail, and in the place I could put him in the jail, as I was ordered to keep him and Mills separate. Thompson was kept up stairs in day time, and Mills below. At night both were locked up in different cells. On the 6th of Sept. I was, under the order of the Probate Court, sent to Columbus with a lunatic; on the morning of the 8th I returned. Before I left, I left the keys of the jail in charge of a sworn deputy. Thompson must have got out between 7 and 7 1/2 o'clock on Friday evening the 7th inst., by means of a false key, out of the front door above, and passed through the hall above and south room up stairs, out of a back window, on kitchen roof, and jumped some 12 feet to the ground, leaving marks of his feet where he jumped. The doors were locked, as I can prove.

The "wicket" in the door is a small hole cut in the door to pass in provisions, &c. I have never closed it, for the reason, that I could not hear what was going on in the jail, if it were closed, as when shut up, all sound from the jail is cut off, and in the dwelling part of the building we could hear nothing. Another reason was, protection against fire. It is well known to our citizens that this being open saved the jail last winter from being burnt down. Another reason was no man could get through this hole, as it is only four or five by six inches, oblong square, and it could no way aid his escape without a key. Some person must have given him a key, as we have no key missing from the jail. The writer in the Record, says, "Nothing was done, worth calling an effort to retake him."

This is absolutely false, as the writer knows, for several men and horses were started immediately, on his escape being known, which was before eight o'clock that evening. He could not have been out over fifteen or twenty minutes before it was discovered. It was telegraphed, and the news met me at Chillicothe, and I started detectives in pursuit. I, with others, rode over this County, Hocking, Pickaway and Ross, and could not find any trace of the prisoner, and expended over fifty dollars of my own, while others said let him go, and some made the declaration that they would not give a cent to arrest him, &c. I kept the Jail with such locks and bars as the Jail is furnished with, and as closely watched as any man could.

Guard the Ballot Box.

We publish below, references to the laws, and a part of the acts to preserve the purity of elections in Ohio, to which we call the special attention of our friends at the polls, at the ensuing election:

Sec. 10 of act of March 20, 1841.—Swan Statutes, 363.

Be it enacted, That any person who shall procure, aid, assist, counsel or advise another to go or come into any county, for the purpose of giving his vote in such county, knowing that the person is not duly qualified to vote in such county, shall on conviction thereof be imprisoned in the Penitentiary and kept at hard labor, not more than five years nor less than one year.

We are authorized to offer a reward of \$100 for the conviction of each person, who shall violate the above act.

IMPORTING VOTES!!

Startling Disclosures!!

Men Hired to come into Vinton County and stay until after the Election, for the purpose of Defeating the Democratic Ticket.—Men of Vinton read for Your selves—Dare the Radicals deny the Charge?

The following letter was sent us for publication by one of the most responsible and truthful men in Meigs county. He does not speak from hearsay, but, as is shown from his letter is in a position to know concerning what he charges. No words can describe the depravity which this letter discloses. The party which claims to itself all the morality, religion and decency in the country, here shows its hand. Made desperate by the signs of their sure overthrow, they are resorting to every means to perpetuate their power and ruin the country.

Let every Democrat give the letter a careful perusal and be prepared to foil the infamous fraud, which the letter discloses:

EDITOR RECORD:

I wish to give you some facts concerning the Radicals in your county, which I know to be true. They are importing votes from this county into yours in order to beat your county ticket. I know all about what I tell you, and can prove it all. I will give you the facts and you can make any use of them that you think right. On or about the 27th day of August, William Marks, who practices law in your county, and who I knew over since he was a child, came over into this county, and came to my house and wanted my son to go over into Vinton county to work. He offered him two dollars and a half a day. My son wanted to know what kind of work he wanted him to do, and Mr. Marks told him it didn't matter what kind of work so as he had his washing done there. He also made the same offer to Braden McClure, who was at my house at the time. They both refused. They could not be bought. I have also heard from good authority, that he also went to a man by the name of David Wood whom he offered \$92 a month if he would go into Vinton county and have his washing done there. He got Wood to go over, and he is now in your county. He loafed around your town, come there supported by these Radicals. I don't know whether they have got him any work yet or not.

These Radicals dare not deny what I tell you. I can prove all I say.

ADAM BRATTON.

The Proceedings of the Rump Congress.

The Rump Congress, of which we are asked to sustain in the person of John T. Wilson, sat seven months, and this is about all the work it did.

1. It passed a bill for negro suffrage in the District of Columbia.

2. It extended negro suffrage to all the Territories against the will of their people, as well as those of the District.

3. It passed a "Civil-rights Bill," by which a minister is punished for not uniting whites and blacks in marriage, and it fines and imprisons hotel keepers, if they do not allow negroes to sit at the first table with their guests.

4. It passed one amendment to the Constitution making the negroes citizens of the United States, and another punishing States that will not allow negroes to vote, by depriving them of representation in Congress.

5. It passed a bill giving twelve millions of dollars to the negroes of the South to support them through the year. They called this the Freedmen's Bureau Bill.

Having thus worked for the negro, we turn to see what it did for the white man, and we find this record.

1. It voted the white soldier, who had served in the army two years, fifty dollars bounty, and for three years, one hundred dollars bounty.

2. It voted to themselves two thousand dollars as back-pay donation, and it increased their salary for the future two thousand dollars a year!

This is its legislation for the white man. If the Rump passed any other important laws, the fact has not transpired. It took care of the negroes, and it took care of themselves. That is all.
